Name: Ishan   Age: 18   +91 9661208312
                     Living: Solan,HP   ishanhere24810@gmail.com

EDUCATION

2021-2025 JAYPEE UNIVERSITY OF INFORMATION TECHNOLOGY
Second Year

- Bachelor Of Technology in Information Technology

EXPERIENCE

- Worked on a Project with 2 team members where we developed a Full Stack application which helps in booking Venues for multiple meets and other activities by the clubs and commitees of our College. After submitting the request, The admin confirms it by seeing the database details.

- Worked on a MERN stack application during the semester break, where I developed a Social media application called "Share-Memories" from scratch where you can sharw your lovely memories and other users can register and like your memory and create one of their own as well. I used React for frontend Express js for backend and MongoDB for database.

- Working on an android application where you can list your Travials i.e., "works" in a fancy way and set a lovely and motivating reminder as well.

HONORS

- Participated in Flipr Hackathon and submitted the project and got the certificate.
- Grabbed second position in the English quiz at the state level.

SKILLS

- I own descent Skills in Html CSS javascript, Nodejs, Express Js, React
- Good amount of knowledge in MongoDB, MySQL,C++,C
- Looking forward to learn DApps, Block chain and Android development.
